25<sup>th</sup> April 2022

Dear Parents/Carers,

I am pleased to tell you that this term we will be carrying out activities related to online safety in school. With the ever increasing use of technology, online safety has become a very important issue, especially in light of the increased use of technology whilst children were learning at home during the lockdown period.

We will be using resources developed by LGfL (London Grid for Learning) which are built around the theme of ***gaming and staying safe online***. The resources will cover what could go wrong whilst playing games online, guidance on what children should not do whilst using their devices and guidance around age appropriate games. The resources will also include an extract of the 'Undressed' song which is a song for Primary children advising them of what not to do whilst online and the importance of ensuring a parent/carer is aware of all online activities undertaken by children.

We have studied the content of the materials and are extremely confident that they are appropriate for primary-school-aged children. By the end of the programme, we're convinced children will feel empowered – knowing how to stay safe online and play games safely and with confidence.

If you would like to know more about the online safety programme, please visit [parentsafe.lgfl.net](http://parentsafe.lgfl.net) where you will find plenty of online safety resources geared towards parents such as advice on settings, apps, screen time and other key topics such as online bullying. We hope that these resources will be of benefit to all parents and children in the Roxeth community. If you have any questions, please don't hesitate to contact the school.

Yours sincerely,

Mr S Deanus  
Headteacher
