

Newsletter

March 2021

Dear parents and carers,
Wow those few weeks went really quickly! A special mention to all Year 5 children and parents who have been super resilient and determined throughout their recent bubble closure.

The Easter holidays are an opportunity to recharge the batteries and prepare for an exciting and busy summer term. Have a lovely holiday and hope to see you all again for next term.
Take care and be safe, Mr Deanus

ABSENCE

Please phone the school to report your child's absence, (leave a message if no one answers) **before 09:30.**

If you report your child's absence later than this time, hot meals will be charged for (unless your child is eligible for a free meal).

Thank you.

BOOK TALK

This year's Blue Peter Book Awards 2021 have been announced. Check them out here: [Blue Peter Book Awards 2021 | BookTrust](#) which celebrates the amazing fact and fiction books that have been published for children in the last year.

Value of the Month Forgiveness

- Understanding the feelings of others
- Showing empathy

A MESSAGE TO SAY THANK YOU

Thank you for all your donations from our last month's request for tights, socks and underwear for welfare. We now have a box full of spare clothing and don't require any more items.

CHARITY SUPPORT

Save the Children

In December we wore Christmas jumpers in order to raise money for the charity Save the Children.
Through online donations we raised £195 and cash donations we raised £265.50. So our grand total we raised was **£460.50**. Thank you to all those that have supported and donated.

Address: Roxeth Primary School, Brickfields, Byron Hill Road, Harrow, Middlesex, HA2 0JA

WORLD BOOK DAY

This year our World Book Day on Thursday 4th March was slightly different as we were still learning at home. There was lots of fantastic entries across the school that we had to choose runner ups and winners for our competition 'Recreate a Book Cover'. The children were asked to recreate their favourite book cover which could include themselves or props from around their home.

Well done to all those that took part! – Ms Procopiou

RAS - Reyansh

RS – Daniel G

1G - Elisa

2M - Peter

2D'S - Meera

1A - Adam

3R - Mahi

3FP - Alex

4K - Hana

5G - Aadya

5B - Armita

4O'S - Ismail

6B - Hibba

6P - Ayobami

BRITISH SCIENCE WEEK

Children across the school had an exciting week focusing on 'Innovating the Future'. They carried out experiments and research to create projects which could help to improve our planet or our lives. Have a look at what some of the year groups did! – Mrs Bhudia

Our Year 6 **Rights Rangers** had a difficult choice selecting posters to enter into the British Science Week competition. After much deliberation, they managed to select their favourite posters. Well done to all children for taking part in the competition.

2DS designed their own inventions and then used different building materials like Lego to create their inventions. They had lots of fun and had amazing ideas for inventions for the future!

3FP Become Roman Engineers in Science Week. This week we put on our paper 'hard hats' to build like the Romans. We investigated Forces and the strength of columns and arches. We made temples, and aqueducts. Our bridges had to hold the weight of wild animals (thanks RS & RAS) on the way to the Colosseum! Like the best builders, we had site checks and cleared our work area to be awarded building gold stars!

Year 4 were looking at gut microbiomes.

Year 6 investigated chemical reactions. If a chemical reaction produces a gas, you might not notice it, unless the gas has a colour or a smell. This activity showed us how you can capture the gas produced in a chemical reaction in a visually exciting way.

Year 5 had fun thinking about how robots could improve our lives. They looked at features of insects and how these could be adapted to create robo-bugs. Children created a wide range of robo-bugs with functions such as collecting plastic from the ocean and researching new creatures.

ALL ABOUT ME PROJECT

Children at Roxeth in every class took part in an exciting whole school project. They wrote all about themselves: their special place, city or country; their personality; their parents, their personal beliefs and their preferences! Everything that 'makes them who they are'.

How did they do it?

Children presented their projects at school on paper, display posters, a booklet and even a fact file. They included photographs, family trees and maps.

What did they get out of it?

They children discovered more about themselves and their family. They were able to talk about themselves and present it to their class. It was a great opportunity to share their own story with others and provide a personal insight into their own identities. Children in all year groups were able to experience the diversity and cultures of their class friends. - Mrs Merali

Year 6 explored different textures and techniques to create their animal collages. Can you guess some of the animals?

ART

Year 4 were inspired by the daffodils on the hill

SCHOOL PLANNER

Date	Event
EASTER HOLIDAYS Thursday 1 st April – Friday 16 th April	
Monday 3rd May	Bank Holiday Monday (school closed)
Thursday 6th May	Polling Day (school closed – learning on Google Classroom)
