## Whistleblowing Policy and Procedure November 2021

*Adopted from Harrow Council's HR policies and procedures*

### 1. Policy Statement

The Council is committed to the highest possible standards of conduct, openness, honesty and accountability and takes seriously any issues of malpractice or wrongdoing. Workers are often the first to realise there may be something seriously wrong within the workplace and the Council expects workers who have serious concerns about any aspect of the Council's work to come forward and voice those concerns and to feel supported when doing so.

The Public Interest Disclosure Act 1998 (PIDA) protects workers who 'blow the whistle' about malpractice or wrongdoing within an organisation. This Act makes provision on the kinds of disclosures which may be protected, the circumstances in which such disclosures are protected and persons who may be protected.

### 2. Who is covered by the Policy?

This policy and procedure applies to all Council employees, permanent and temporary, agency workers, contractors and their staff and Elected Members. It also covers suppliers and those providing services under a contract with the Council in their own premises, for example, care homes. The term "worker" within this document is used to describe any of the above.

This policy does not form part of an employee's contract of employment.

#### Schools

This policy and procedure is strongly recommended for adoption by School Governing bodies, following consultation with their staff. Governing bodies are urged to adhere to the principles outlined within this policy and procedure.

Where this policy and procedure makes reference to a manager, in schools this normally will be the Head Teacher.

### 3. Why do we need a Policy?

This policy and procedure is intended to encourage and enable workers to raise serious concerns within the Council rather than overlooking a problem or feeling the need to "blow the whistle" outside.

This policy and procedure aims to:

- encourage workers to feel confident in raising serious genuine concerns and to question and act upon concerns;

- provide avenues for workers to raise those concerns and receive feedback on any action taken;
- encourage and enable workers to raise serious concerns within the Council rather than overlooking a problem or taking it outside of the organisation.
- ensure that workers are aware of how to pursue concerns if they are not satisfied with the action taken;
- reassure workers in the strongest terms that they will be protected from possible reprisals or victimisation for Whistleblowing in good faith in accordance with this procedure.
- ensure for consistency and fairness in dealing with Whistleblowing across the council.

It is recognised that cases may have to proceed on a confidential basis.

#### **4. What is covered by this Policy?**

Disclosing a concern which the worker honestly and reasonably believes suggests that malpractice or wrongdoing has happened, is in the process of being committed or is likely to be committed, would qualify for protection under PIDA. Malpractice or wrongdoing include:

- a criminal offence;
- the breach of a legal obligation;
- a miscarriage of justice;
- a danger to the health and safety of any individual;
- damage to the environment; or
- deliberate covering up of information tending to show any of the above.

Although not covered by PIDA, it should be noted that Council employees have a duty to report to the authority any impropriety, breach of procedure or failure of the manner in which services are being provided without fear of recrimination (see Code of Conduct 2.3).

For the avoidance of doubt, this includes a duty to report a suspected breach of the Council's Constitution (including Contract Procedure Rules and Financial Regulations) e.g. Under Section 2 para 28 of the Financial Regulations, Council employees have an obligation to report financial impropriety to Internal Audit/Corporate Anti-Fraud Team.

Issues not covered in the above list will be dealt with in one of the ways outlined in Section 8.5 below.

Council employees can seek guidance and advice on how to pursue matters of concern from Human Resources.

#### **5. Safeguards against Harassment or Victimisation**

The Council will not tolerate any harassment or victimisation (including informal pressures) and will take appropriate action, within its power, to protect workers when a concern is raised. Workers who suffer harassment or victimisation should inform the individual with whom they raised their initial concern.

Workers raising an issue referred to in Section 4 in good faith and in accordance with the PIDA, are protected from harassment, victimisation or any other detrimental treatment, even if their disclosure of any wrongdoing or malpractice is not substantiated after investigation.

## PROCEDURE FOR RAISING A CONCERN

See Appendix 1

### 6. How to Raise a Concern?

- Concerns may be raised orally or in writing.
- The worker needs to ensure that the person with whom they raise the concern is fully aware that they are using this procedure.
- Harrow employees may wish to discuss their concern in confidence with their Trade Union representative or work colleague and/or invite their trade union representative or work colleague to be present during any meetings or interviews in connection with the concerns raised.
- Harrow employees can seek guidance or advice on how to pursue matters of concern may be obtained from the Human Resources and advice/support may also be sought from a Trade Union Representative.
- The earlier the concern is raised the easier it is to take action.
- It will be helpful to provide the background and history of the concern (giving relevant dates, names & locations), the reasons for the particular concern about the situation and details of evidence / witnesses.
- Harrow employees may seek assistance with preparing this information from an HR Adviser or Trade Union representative.
- The earlier the concern is raised the easier it is to take action.

### 7. To whom do I Report my concerns?

Concerns should normally be raised with a Senior Council Officer, for employees this would normally be their immediate manager.

#### **Council employees**

Council employees who do not wish to raise the issue with their manager because of the nature, seriousness or sensitivity of the issues involved, can raise their concerns with their Director, or go direct to the Director of Finance (151 Officer), Director of Legal and Governance Services (Monitoring Officer) or the Chief Executive.

#### **Schools**

In the case of schools if the concern relates to the Headteacher, this should be referred to the Chair of the Governing Body.

#### **Council Members**

Where Council Members have concerns they may wish to first discuss matters with their Group Leader, but this does not discharge the responsibility to report serious matters urgently to either to the relevant Director or the Director of Legal and Governance Services.

For guidance on raising concerns outside the Council, see Section 9 below.

## 8. How the Council Will Respond?

- 8.1 Within 5 working days, the person with whom the concern was raised will acknowledge its receipt in writing, irrespective of how the concern was raised.
- 8.2 Where the concern has been raised with a manager, (s)he together with an HR Adviser (or other relevant representative e.g. from Audit or Child Protection Unit) will decide whether the matter needs to be referred to a more senior officer e.g. Director, Director of Finance (151 Officer), Director of Legal and Governance Services (Monitoring Officer), Chief Executive, Head Teacher, Chair of Governors.
- 8.3 Investigation does not imply either acceptance or rejection of an individual's concerns
- 8.4 The initial enquiry will be undertaken, wherever possible within 10 working days, by the most appropriate Officer(s). This will not involve a detailed investigation, however, sufficient information will need to be gathered in order that a decision can be made as to whether further investigation will take place.
- 8.5 Where appropriate, the matters raised may:
- be investigated by management, internal audit, or through the disciplinary process
  - be referred to the police
  - be referred to the external auditor or other external investigation
  - form the subject of an independent inquiry
  - be investigated under another procedure e.g. child/adult protection
  - be investigated under other forms of prosecution and inspection e.g. to protect public health and safety
- 8.6 In order to protect individuals and those accused of misdeeds or possible malpractice or wrongdoing, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. The overriding principle which the Council will have in mind is the public interest. Concerns or allegations which fall within the scope of specific procedures (for example, child protection or discrimination issues) will normally be referred for consideration under those procedures.
- 8.7 Within fifteen working days of a concern being raised, the person with whom the concern has been raised will write to the individual who raised the matter:
- indicating how they propose to deal with the matter
  - giving an estimate of how long it will take to provide a final response
  - informing them whether any initial enquiries have been made
  - supplying them with information on staff support mechanisms, and
  - informing them whether further investigations will take place and who will conduct that investigation, or
  - explaining the reasons why no investigation is to be carried out.
- 8.8 It may be necessary, as part of the investigation, to obtain additional information from the individual who raised the concern.

- 8.9 The investigation may need to be carried out under the terms of strict confidentiality i.e. by not informing the subject of the concern until (or if) it becomes necessary to do so. This may be appropriate in cases of suspected fraud.
- 8.10 The Council accepts that individuals who raise a concern need to know that the matter has been properly addressed. Thus, subject to legal constraints, the worker will be given feedback on any action taken. However, it will not include information relating to specific individuals, which will remain confidential.

## 9. How the Matter can be taken Further?

This policy and procedure is intended to provide workers with an avenue within the Council to raise concerns. The Council hopes workers will be satisfied with any action taken. If not, and they feel it is right to take the matter outside the Council, the matter can be raised with the relevant organisation(s) as listed in Appendix 2.

There may be circumstances where a worker considers that (s)he needs to raise the matter externally. This may be because, for example, there is a need to involve the appropriate external regulatory body, or the worker considers that the matter has not been properly addressed, or that a worker reasonably believes that the matter will be covered up.

If a worker is unsure whether or how to raise a concern or wants confidential advice, contact can be made with the independent charity Public Concern at Work on 020 7404 6609 or at [helpline@pcaw.co.uk](mailto:helpline@pcaw.co.uk). Their lawyers can provide free confidential advice on how to raise a concern about serious malpractice or wrongdoing at work.

Further information can also be obtained from the website of the employment service, ACAS (the Advisory, Conciliation and Arbitration Service) at [www.acas.org.uk](http://www.acas.org.uk).

In circumstances where a worker decides to raise the matter externally, (s)he will only be protected under this procedure, and under employment law, where the disclosure is made in accordance with the PIDA. This means that the disclosure must fall under one of the categories listed in paragraph 4 above and must be made in one of the following ways:

- a) in the course of obtaining legal advice
- b) to a prescribed regulatory body (listed in Appendix 2) provided the disclosure is made in good faith and the worker reasonably believes the prescribed body is responsible for the matter of concern and that the allegations are substantially true;
- c) to other third parties where the worker makes the disclosure;
  - in good faith, with reasonable belief that the information and allegations are substantially true, and
  - does not make the disclosure for personal gain, and
  - has already raised the matter with the Council or prescribed regulator, unless the worker reasonably believes that (s)he will suffer a detriment, or there is not prescribed regulator and (s)he reasonable believes that evidence will be concealed or destroyed if (s)he makes the initial disclosure to the Council, and
  - in all of the circumstances it is reasonable to make the disclosure.
- d) The disclosure is of an exceptionally serious nature and the whistle-blower makes the disclosure:

- In good faith, with reasonable belief that the information and allegations are substantially true, and
- Does not make the disclosure for personal gain, and
- In all of the circumstances it is reasonable to make the disclosure.

Council employees who wish to take the matter outside the Council should check with their Trade Union representative or Human Resources that they are not in breach of the Council's Code of Conduct.

**Council employees should not, in any circumstances, approach the media/press.**

#### **10. Support for Workers raising a Concern and others affected by the Raising of a concern**

- The Council is committed to good practice and high standards and wants to be supportive of individuals who raise concerns.
- The Council will also support individuals affected by the raising of a concern as appropriate.
- Council employees experiencing stress as a result of their involvement in this process can seek counselling and support from the Council's Occupation Health Service or Employee Assistance Programme.
- Council employees can also approach their Trade Union for advice/support throughout the procedure.
- Council employees may also approach their Employee Support Group for support throughout the procedure.
- The employee may find it helpful to involve his or her manager, particularly if they can identify specific support that would be helpful and which the manager feels are reasonable.
- The Council will take steps to minimise any difficulties which individuals may experience as a result of raising a concern, e.g. if they are required to give evidence in criminal or disciplinary proceedings the Council will arrange for them to receive advice about the procedure and, if necessary, be fully prepared for a Court appearance.
- Where the raising of a concern affects a group of staff, the relevant manager will, having made an assessment, take appropriate action to support the workgroup.

#### **11. Confidentiality**

If a worker raises an issue, every effort will be made not to reveal their identity. It must be recognised, however, that in order to investigate the matter, information must be obtained and/or other workers questioned, therefore total confidentiality cannot be guaranteed. If criminal proceedings require that information is passed on it may become necessary to reveal the worker's identity. In such situations the worker will be consulted before this action is taken, however, the Council will endeavour to maintain confidentiality whenever possible.

## **12. Anonymous Allegations**

Where a concern is raised anonymously, these will be considered at the discretion of the Council taking into account the seriousness of the issues raised; the credibility of the concern; and the likelihood of confirming the allegation from attributable sources.

## **13. Untrue Allegations**

The Council expects that whistleblowing will be made in “good faith” and will treat abuse of the Whistleblowing procedure extremely seriously. The Council reserves the right to take appropriate action against the whistle-blower if they are found not to be acting in good faith.

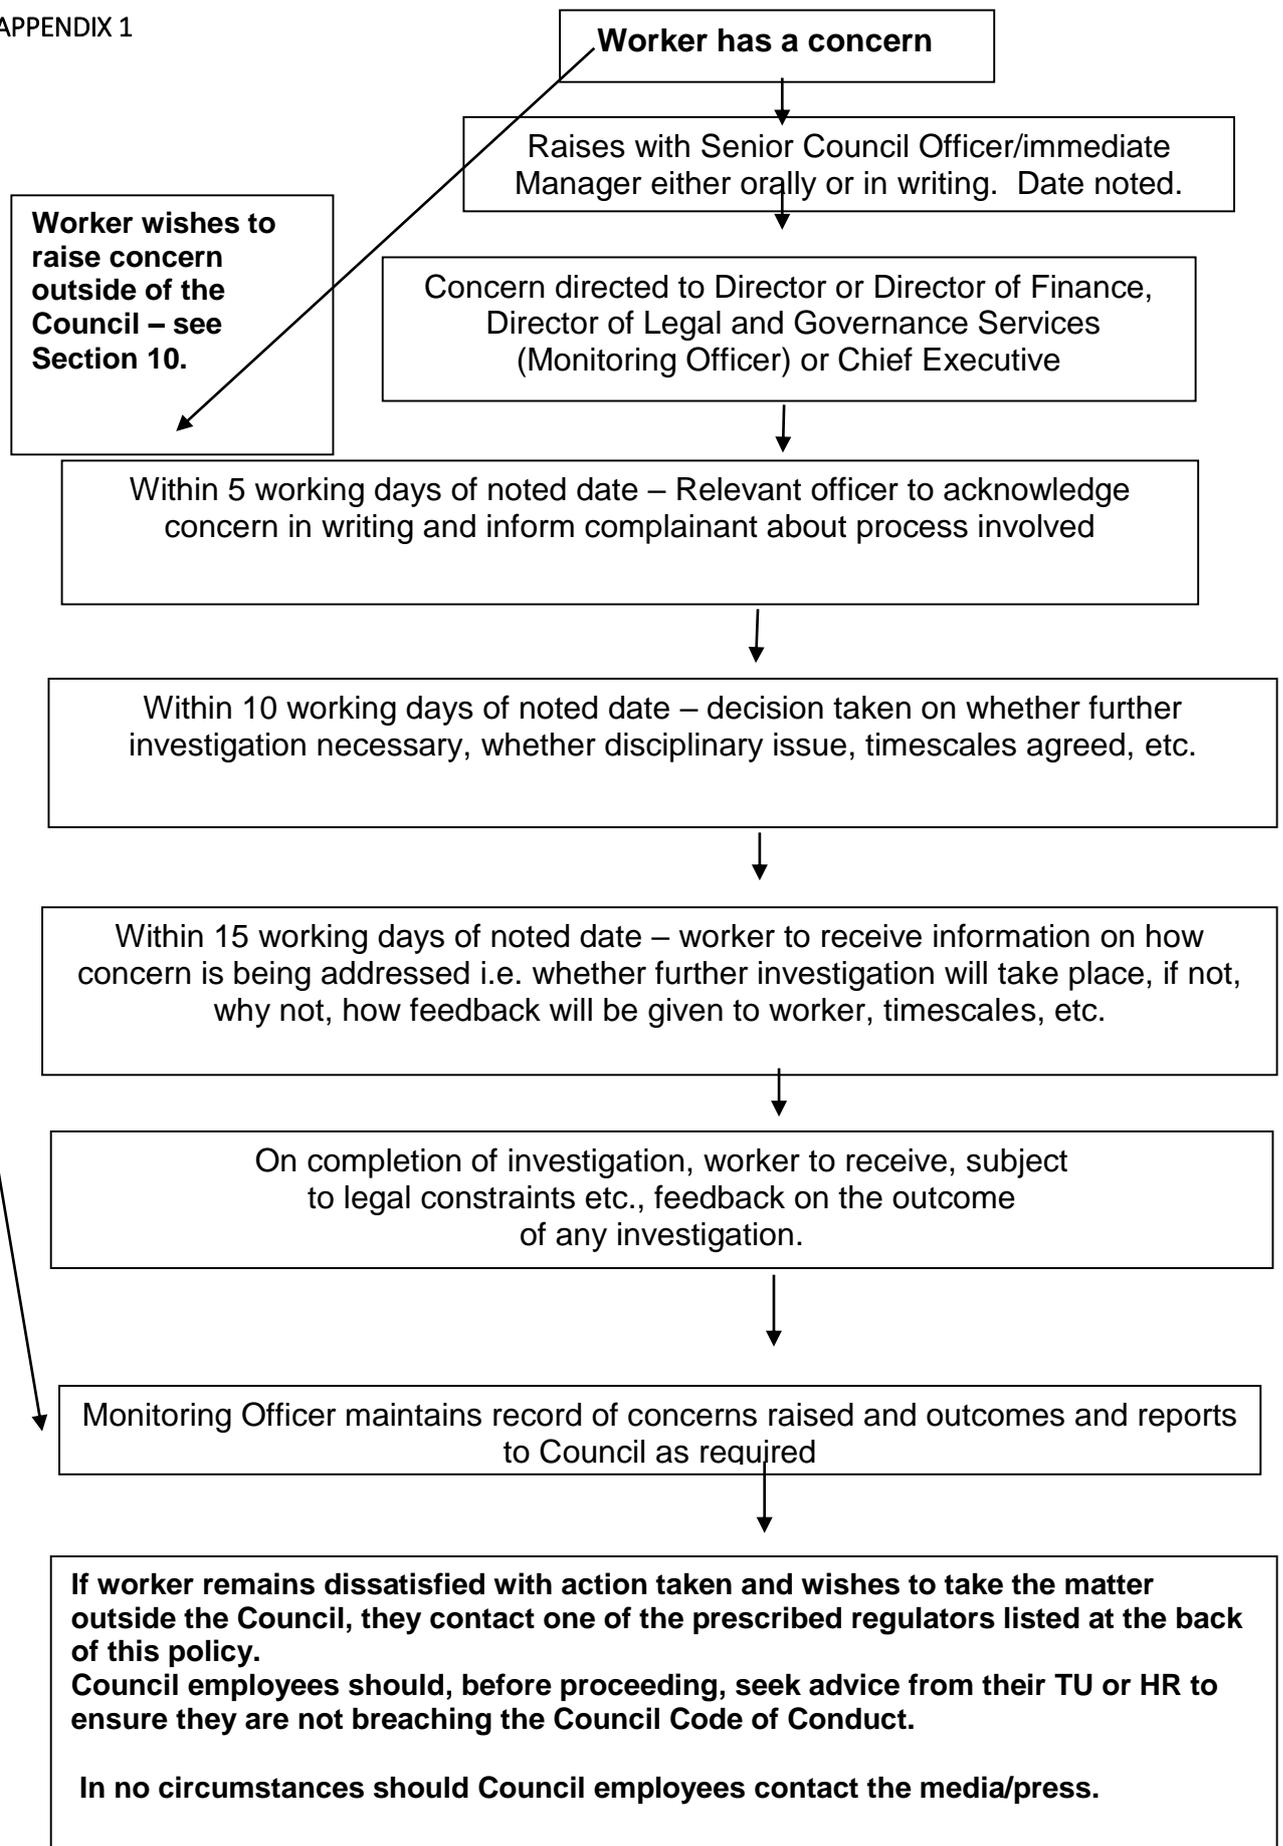

## **14. The Responsible Officer**

The Director of Legal and Governance Services who is the Council’s Monitoring Officer, has overall responsibility for the maintenance and operation of this policy and procedure. This officer maintains a record of concerns raised and the outcomes and will report as necessary to the Council (but in a form which does not endanger confidentiality). All concerns raised through this policy and procedure should be reported to the Monitoring Officer by the manager with whom the concern was originally raised.

This policy will be reviewed on an annual basis or if subject to recommendations from Harrow Council
