

## P.E. and Sport Premium (PESP) Impact Evaluation of Expenditure 2021-2022

In 2012, as part of the Government's legacy to the Olympic and Paralympic Games, it was announced that there would be new funding of £150 million available to schools for physical education (P.E.) and sport. This funding should be used to improve the quality and breadth of P.E. and sport provision.

In July 2017, it was announced that schools with 17 or more eligible pupils would receive £16,000 and an additional payment of £10 per pupil and the DfE have confirmed that the investment will remain doubled at £320 million for 2020-2021. From September 2021 to April 2022, Roxeth Primary School have 413 eligible pupils, with 18.8% pupil premium, and will therefore receive a P.E. and Sport Premium of £21,121.

At Roxeth Primary School, our vision for P.E. and School Sport is that every child can experience a variety of sports and physical activities that inspire and motivate them so that physical activity is enjoyed and embedded in their healthy lifestyle into adulthood. Every child should be given the opportunity to develop their skills and learn how skills can be transferred across a range of different sports. Through participation, our children can learn about the values of respect, responsibility and encouraging others. We recognise the benefit that P.E. and School Sport has on the health and well-being of our children.

In the 2021-22 academic year, Roxeth Primary School will continue to use the P.E. and Sport Premium funding to support the development of P.E. and School Sport. We will continue to measure the impact of our spending against the following indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles that can be maintained into adulthood
2. the profile of P.E. and School Sport being raised across the school
3. increased confidence, knowledge and skills of all staff in teaching P.E. and Sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation levels in competitive School Sport  
(Level 1 = Competitive sport within Roxeth / Level 2 = Competitive sport against other schools)
